Weather Forecast.

For North Carolina—Showers and thunderstorms Tuesday and on the coast Wednesday; fresh southwest winds.

Of course Southern men should not burn negroes at the stake but negroes ought to lead in the reform movement and quit committing acts that make mobs go crazy.

There is to be an apple growers convention in Asheville this Fall. Such a gathering ought to bear good fruit. The daughters of Eve will be interested in the statement that there will be a display of apples.

It is said that J. Edward Addicks, of Delaware, is done for and will never again cut any ice as a candidate for the United States Senate. Before we believe that we will have to see Bradstreet give him a low financial rating.

President Roosevelt intimated from the throne that he would hand out a square deal to everybody and thereupon, and also forthwith, China went to boycotting to get the President to see that she was in the game for a good hand.

At Wewoka, Indian Territory, a few days ago, a number of Indians whipped another for stealing a horse. The noble Red Man is coming up all the time. Not many years ago if Lo had brought in a dozen horses and a scalp on every saddle he would have been looked upon with envy as bully boy with the glass eye.

The horse editor has been "approached" by numerous friends on the question of the Shrievalty of New Hanover county, and, of course, as each one drew nigh visions of a nice, fat office agitated his brain. Imagine his surprise and disgust when he discovered that every mother's son of the aforesaid numerous friends was a candidate himself and wanted the horse editor to vote for and give him his "infloonce." Blessed Tony!

LOCAL DOTS.

—Other local on fourth page.

—The Wilmington Red [illegible] and Quicksteps, of Fayetteville, [illegible] fast colored baseball teams, will play a game at Hilton this afternoon at 4 o'clock.

—Amos Biggs has applied for permit to replace his present building next to Whitlock's machine shop on the wharf, with another building of fire-proof construction.

—Hatch's excursion from Kenly, N. C., via Fayetteville, brought about 500 visitors to the city yesterday. Hatch Brothers will bring another excursion Saturday from Goldsboro.

—Justice Borneman yesterday disposed of several trivial cases. "They're not worth mentioning," said the judge in response to the reporter's inquiry. "I have much that never gets in the papers," and the reporter, dubiously, passed on.

—A deputy sheriff from Columbus county passed through the city yesterday on his way to Raleigh with a negro sentenced to five years in the penitentiary for homicide. The negro was tried at last week's term of court in Whiteville.

—Mr. Ed. Wilkinson has given up his key as telegraph operator in the Chamber of Commerce and has taken a permanent position in the main office of the Western Union. Mr. R. H. Orrell has succeeded Mr. Wilkinson in the Chamber of Commerce office.

—The schooner Sylvia C. Hall, Capt. Falkinburg, and the brig Alcaea, Capt. Southard, both from New York with cargoes of salt, arrived Sunday. The vessels are consigned to C. D. Mafflitt and the cargoes, respectively, to the D. L. Gore Company and Hammond & Co.

—Constable W. B. Savage yesterday arrested the negro who cut George O'Berry, also colored, Saturday night at Eleventh and Market streets, necessitating the removal of the injured man to the hospital. The negro will be given preliminary trial in Justice Furlong's court to-day.

—Policeman W. J. Howard was yesterday called upon to detain at the police station an insane colored girl, 13 or 14 years old, on Third between Brunswick and Bladen streets. The request came from the mother of the girl and she was sent down to be turned over the county authorities.

—Friends of Mr. and Mrs. J. D. Rowan, No. 91 Delgado, will sympathize with them in the death of their eight-months-old child, Alton G. Rowan, which occurred Sunday morning. The funeral was conducted at 10:30 A. M., yesterday by Rev. A. D. McClure, D. D., and the remains were laid to rest in Bellevue.

—A number of warrants were issued for delinquent license tax payers from the office of the City Clerk and Treasurer yesterday. A vigorous campaign for the collection of license taxes has been instituted. Warrants for delinquents will be issued from day to day until the books show considerable improvement.

—The police court yesterday was not so interesting as usual on Monday. There were only six defendants for trial and five of those were let off with the costs, the offences being trivial. Dave Stanley, colored, a denizen of Love's alley, was charged with slapping his wife. The Mayor told the couple they would have to "wash out their dirty linen" at home and discharged Stanley, who appeared to have been justified in what he did.

—Washington correspondence, Raleigh Post: "Contract Surgeon Francis A. Halliday has been relieved from temporary duty at Fort Caswell, N. C., and from further duty at Fort McPherson, Ga. He has been ordered to Fort McPherson, Ga., for the purpose of supervising the shipment of certain public property at that point, and upon the completion of that work he has been ordered to Fort Freeman, S. C., for duty."

DU BRUTZ CUTLAR, ESQ.

Well Known Wilmington Lawyer Passed Away at Winston, N. C.

After an illness of a few days, following an attack of paralysis, DuBrutz Cutlar, Esq., for a number of years a resident, and a member of the Wilmington bar, died Sunday morning at his home at Winston-Salem. The remains, accompanied by an only brother, Louis J. P. Cutlar, and an only sister, Mrs. E. J. Justice, both of Marion, and a nephew, Mr. Cutlar Lee, of Fremont, arrived yesterday on the 10 A. M. train and were borne immediately to Oakdale cemetery where they were laid to rest after services by the Rev. James Carmichael D. D. Besides a little daughter, now with her grandmother, no other relatives survive the deceased.

The pall-bearers at the funeral yesterday were: Thos. W. Davis, Esq., and Messrs. Junius Davis, Jr., Thos. H. Wright, Geo. D. Crow, W. C. Crow and George Davis.

Dr. Gilbert, of Raeford, Dead.

Mrs. S. E. Hursey and Mrs. Langdon Sellers left Sunday to attend the funeral of Mrs. Hursey's brother, Dr. William J. Gilbert, of Raeford, N. C. Dr. Gilbert died suddenly of heart trouble Saturday afternoon at 5 o'clock. Dr. Gilbert was about 68 years of age and conducted a drug store in the town of Raeford. He leaves a wife and one son, Mr. William Gilbert, of Los Angeles, Cal. The funeral was conducted at 3 o'clock yesterday afternoon.

SOUTHERN NATIONAL

Stockholders of Strong Financial Enterprise Organized Yesterday Morning

OFFICERS AND DIRECTORS

Elections From Among Leading Business Men of This Section—Will Begin Business Next Monday—Atlantic Trust & Banking.

The Southern National Bank, Wilmington's new and important financial enterprise, launched with every prospect of immediate and lasting success by Mr. Matt J. Heyer, one of the county's most progressive and public spirited citizens, was formally organized at a meeting of stockholders of the institution, held yesterday morning in their handsome new banking house in The Southern building, southwest corner of Front and Chesnut streets. At the meeting, the by-laws and articles of the association were read and passed upon and officers and directors were elected to serve until the time fixed by law for the annual meeting of all National banks on the second Tuesday in January, 1906. The bank will begin business on next Monday, September 18th.

The meeting of stockholders was called to order yesterday by Mr. Heyer, who requested Mr. Sam Bear, Jr., to act as chairman. Mr. F. L. Huggins was requested to act as secretary. The following, representing a very large majority of the stock, were present: Geo. Honnett, M. G. Tiencken, L. H. Partin, M. Schnibben, Dr. W. J. H. Bellamy, Eduard Ahrens, C. J. Mitchell, D. L. Gore, J. H. Brown, W. A. Dick, A. M. Chinniss, of Brunswick, Jurgen Haar, W. H. McEachern, F. E. Hashagen, S. Jewitt, J. A. Arringdale, J. A. Taylor, Wm. Brown, L. Stein, J. H. Rehder, Z. W. Whitehead, J. H. Brunjes, C. P. B. Mahler, L. Hansons, S. Behrends, Sam'l Bear, Jr., B. H. J. Ahrens, J. N. Jacobi, C. C. Pridgen, of Mt. Tabor, A. G. Warren, C. H. Dock, J. J. Darby, H. E. Bonitz, F. L. Huggins, J. M. Bunting, Otto Banck, T. P. Bagley, J. M. Solky, M. O'Brien, H. L. Fennell, W. L. Miller, J. F. Ruifs, Clarence D. Mafflitt, C. N. Evans, L. E. Covington, M. J. Heyer, H. C. Bridger, Bladenboro, J. W. S. Robinson, of Ivanhoe, W. A. Eckles, Thos. R. Orrell and J. W. Freeman.

The object of the meeting was explained by Mr. Heyer, who was enthusiastic at the prospect for the new institution. Mr. Chas. N. Evans, cashier, and Mr. L. E. Covington, the teller, selected for the new institution, were present, and Mr. Evans read the articles, the by-laws and other data necessary to be presented at the first meeting. Those papers, as submitted, were unanimously adopted, after which the stockholders went into the election of officers. The names were offered by Dr. W. J. H. Bellamy and the Board was unanimously elected as follows: Hugh McRae, D. L. Gore, J. A. Arringdale, Z. W. Whitehead, J. A. Taylor, J. H. Rehder, L. Hanson, Eduard Ahrens, Isadore Bear, Matt J. Heyer, S. O. Middleton, of Hallsville, N. C., H. C. Bridger, of Bladenboro; C. C. Pridgen, of Mt. Tabor; D. D. McCall, of Bennettesville, S. C.

After the election of Directors several of the stockholders made brief addresses taking a most encouraging view of the outlook for the new bank. The stockholders then adjourned to give place to a meeting of the Directors, each of whom took the prescribed oath, administered by Mr. W. A. Dick, notary public. The Directors then proceeded to the election of officers which resulted as follows:

President—Matt J. Heyer.
1st Vice President—Hugh McRae.
2nd Vice President—D. L. Gore.
Cashier—Chas. N. Evans.

Then followed the transaction of routine business of no general interest to the public. The Directors ordered that a copy of the by-laws be furnished in printed form to each stockholder of the bank. After the meeting yesterday more than $100,000 of the capital stock was paid in to Cashier Evans and by the middle of the week everything will be in readiness for the opening Monday.

As previously stated, Mr. L. E. Covington, formerly of Laurinburg, but later with the bank with which Mr. Evans was connected in Charlotte for several years, has been chosen as teller of the new institution. Mr. "Jack" Bellamy, so pleasantly remembered here in banking and social circles, has been chosen to an important clerical position in the new bank and arrived last night from New York in order to be here for the opening. Miss A. D. Bordeaux has already entered upon her duties as stenographer in the bank.

Mr. Covington and bride arrived Sunday from Laurinburg and are guests at The Orton. Mr. Covington will remain here assisting Mr. Heyer and Mr. Evans in getting everything in readiness for the beginning of business. Mr. Evans will not be joined by Mrs. Evans until later in the month. With Mr. Covington and wife, Mr. and Mrs. Evans will be warmly received into the social world here.

The Atlantic Trust and Banking Company, now located on Princess street, will change its home to The Southern building Wednesday. Its new quarters will adjoin the home of the Southern National and are decidedly handsome.

Deputy Clerk of Court.

Ex-Mayor W. N. Harriss, who for the past year or more has been with Mr. S. W. Sanders, the grocer, was yesterday sworn in as Deputy Clerk of the Superior Court, in the office of Col. Jno. D. Taylor, succeeding Mr. Chas. C. Loughlin, who resigned to resume his studies in law at the University of North Carolina. Mr. Harriss, the new appointee, is thoroughly conversant with the duties of his office, is clever and courteous and his appointment will give general satisfaction.

THE SHOOTING AT DELGADO

Mr. Gregory, Employed to Watch Store For Burglars, Thought He was Aimed at; Returned Fire.

The mystery surrounding the shooting of young John Hughes, at Delgado, about 2 o'clock Sunday morning, an account of which appeared in these columns, was cleared up Sunday about noon when Mr. W. L. Gregory, white, a barber in the village, came to the city and surrendered to Justice of the Peace John J. Furlong, stating that it was he who fired the shot that wounded Hughes. Mr. Gregory felt that he was justified in the shooting, however, and related fully the circumstances.

The mill store and the office had been robbed the night before and the store had again been robbed one night about a week previously. Mr. Gregory's barber shop is situated some distance from the store and commands a view of the premises. He had been employed to watch the store from there and see that there was not a reptition of the store-breaking. Saturday night about 1 o'clock Mr. Gregory saw from his shop the young men loitering on the steps of the store. He knew they were not burglars and would not have fired at them ordinarily. However, as he shifted his position in the barber shop, he heard a pistol shot and then another. The bullet from the last imbedded itself in the window sill, close to his head. Mr. Gregory thought then the young men were firing at him and he blazed away at them with a load of bird shot. Young Hughes was the only one hit, but his wounds were not serious, the shot merely going under the skin at the back of the head and along the spine.

Mr. Gregory, upon his surrender, gave bond of $100 for his appearance before Justice Furlong yesterday. At the trial yesterday he pleaded justification for the shooting. Hughes and his companions were present and denied that the shots fired at the barber were by themselves or companions, although Mr. Gregory had a warrant made out for them, charging that they fired first. The boys admitted they heard the shooting, too, but said some one else fired the pistol. The boys were found not guilty of doing the shooting, but Mr. Gregory was bound over to Superior Court under bond of $50, which was given. The probable cause was technical, and it is hardly thought the defendant will be more than nominally punished in the higher court.

FUNERAL OF MR. HANBY.

Remains Laid to Rest After Impressive Services Yesterday.

In the presence of a large concourse of friends impressive funeral services were conducted at 4:30 o'clock yesterday afternoon over the remains of the late Joseph H. Hanby. The services were held in the First Baptist church, and were conducted by the Rev. Fred. D. Hale, D. D., pastor of the congregation, who paid a fine tribute to the life and character of one whom the church could ill afford to lose. Dr. Joseph D. Hanby, a son of the deceased gentleman, arrived in the city at noon from Tyler, Tex., his home, the funeral having been postponed from day to day until he could reach here.

The services at the grave in beautiful Oakdale cemetery, where the interment took place, was with Knights of Pythias honors, while Veterans of the Lost Cause were present in uniform, and in a body to pay proper respect to their deceased comrade. The Pythians also attended in a body, and the service of that order was very pretty and impressive.

The pall-bearers were as follows: Honorary—W. C. Peterson, Jas. C. Stevenson, Dr. F. H. Russell and Joseph H. Watters. Active—Wm. H. Alderman, James E. Willson, Dr. A. M. Baldwin, S. H. Burtt, John Wilkinson and W. W. Hodges.

THORWN FROM STREET CAR.

Mr. John B. LeGwin Had Severe Fall Early Last Night.

Mr. John B. LeGwin, the popular young pharmacist in the store of the Southside Drug Company, Front and Castle streets, while attempting to board a rapidly moving car, bound for the Front and Princess streets junction, was thrown violenly to the cobble stone pavement just north of the new market house, on Front street, last night about 10:20 o'clock. Two of his front teeth were knocked out, a gash was cut across his nose and in the forehead.

The car was in charge of Conductor J. W. Bryan and Motorman Benson, neither of whom saw him trying to board the car nor knew that he wanted to get it. Mr. LeGwin underestimated the speed of the car and and upon taking hold of the railing, was thrown violently to the street. He was taken into Hardin's Palace Pharmacy where Dr. C. T. Harper dresser his injuries. Later, he was taken to his home at No. 207 Church street, and at last accounts was doing very well. He is not seriously hurt, but will suffer considerable inconvenience by reason of the injuries he sustained.

EXCURSIONS THIS WEEK.

Big Crowds Each Day Until Saturday Closes the Season.

This week will wind up the excursion business of the railroads entering Wilmington. Yesterday there was a big crowd here from Dunn; another will arrive to-day from Fayetteville; one from Elrod Wednesday, another from Sanford Thursday and three big ones from Goldsboro, N. C., Bishopville, S. C., and Clio, S. C., respectively, closing the season Friday. The last week will be the merriest of all, and if the weather continues favorable, very large crowds will be here until the finish.

The visitors yesterday nearly all went to Wrightsville, being handled splendidly on extra cars dispatched by Acting Superintendent of Transportation E. R. McGowan.

KILLED IN FLORENCE

Frank Kirkham, Young Wilmington Lineman, Fell From Pole to Death

INJURED SEVEN WEEKS AGO

Was Assisting Fellow Workmen, Lost Footing and Fell Into Live Wire, Suffering Tortures of Electrocution Before He Struck.

Frank Kirkham, a Wilmington boy, a son of the late James Kirkham, an engineer on the Atlantic Coast Line, met a horrible death at Florence, S. C., late yesterday afternoon by falling headlong from a high pole of the Southern Bell Telephone Company in the central portion of the city. During the fall he was caught in a live wire of the electric lighting company and severely burned before reaching the ground. The fall and the blue flash of the electric current as it came in contact with the flesh caused several who witnessed the accident to turn away in horror.

Readers of this paper will remember that seven weeks ago young Kirkham became tangled up with a live wire and fell a considerable distance in Florence, miraculously escaping death at that time. He had not recovered yesterday but was able to be up and about the office with other linemen of the company. Although he had not returned to work, he went up a pole to assist another of the electricians, who had climbed to a point just above him. Either because he was weak or had not the free use of his limbs because of the injuries in the first accident, he lost his footing in some way, came in contact with the live wire and was picked up unconscious on the ground a few minutes later. The accident occurred about 3:30 o'clock yesterday afternoon and he died at 6:15 o'clock without regaining consciousness. It is thought that in addition to burns he received, he also received internal injuries and suffered from concussion of the brain.

His mother and a sister, Mrs. Avant, are in Richmond, Va., and a brother, Mrs. James Kirkham, lives in Norfolk, Va. They were notified of the untimely death of the young man last night and will reach Florence to-day to arrange for the funeral. Mr. W. J. Kirkham, an uncle of the young man, lives in this city. The remains will probably be brought here for burial.

The deceased was well known here. He was a young fellow of indomitable energy and his ambition to get back to work and his abhorrence of idleness probably led to his undertaking too much in climbing the pole from which he fell to his death. Members of the family who are also well known here, have the sympathy of many friends in their deep bereavement.

CHIEF ASKS AN INQUIRY.

Wants Police Committee to Pass Upon Recent Rivenbark Episode.

Chief of Police N. J. Williams yesterday approached members of the Police Committee, and stated that he courted an investigation of his action in the recent Lee Rivenbark episode about which there was so much talk and adverse criticism in some quarters. Chief Williams and his friends believe that an injustice is being done him in all the talk about the affair and is anxious that the committee should learn all the facts and say whether or not he is guilty of anything or whether he has erred in judgment.

The police committee is composed of Aldermen J. A. Kerr (chairman), J. O. Brown and P. Q. Moore, the latter having recently exchanged a place on the Fire Committee for the position of member of the Police Committee. Chairman Karr, of the committee, is now in New York but is expected home on the steamer to-day. The investigation asked for by Chief Williams will probably be held tomorrow.

ENLARGING ITS PLANT.

Universal Oil and Fertilizer Company To Build Further.

Mr. Wm. E. Worth, secretary and treasurer and general manager of the Universal Oil and Fertilizer Company, was yesterday granted a permit to build an additional two-story brick building, 30x90 feet in size, to the already extensive plant of the company in the northeast section of the city. The new building will be just east of the W. & W. railroad right of way and in it machinery will be installed for delinting cotton seed under the new process which Mr. Worth and associates introduced here about two years ago. That the enterprise has succeeded is evidenced by the additional buildings and the installation of the new machinery.

Excursion To-Morrow.

The Ladies' Aid Society of Brooklyn Baptist church will run an excursion from the city to Carolina Beach, Southport and out to sea to-morrow. The boat will leave the city at 9:15 A. M. and return about 6:30 o'clock. The fare on the round trip will be only 50 cents or 25 cents to the beach and return. Refreshments will be served on the boat at city prices and a good time is assured for all who will become guests for the trip.

Tarrymoore is Closed.

The Hotel Tarrymoore at Wrightsville Beach closed yesterday after having had a most profitable season. There were still several guests at the hotel but not a sufficient number to warrant its remaining open any longer. The proprietor, Mr. Moore, is highly gratified at the success he has had this Summer, and looks for an even better season next year.

Dr. Nielson at once employed Hon. Jno. D. Bellamy to accompany him to Burgaw to-day and gave bond of $100 for his appearance. Dr. Nielson will set up that as manufacturer of his own medicines he has a right to sell them wherever he chooses.

Family Servant Dead.

An old colored woman, for many years a servant in the family of Capt. T. D. Meares, on Market street, died suddenly last night about 7 o'clock at her home, Tenth and Meadow streets. The old woman, who had been faithful all her life, had been sick several days and had been given every attention. Last night she was left for a short while and upon the return of some member of the family to her room, it was found she was dead. The coroner was summoned, but an inquest was deemed unnecessary.

NORTH CAROLINA COTTON GROWERS.

The intelligent cotton growers of North Carolina were among the first to catch the spirit of the movement as represented in the Southern Cotton Growers' Association. The object of the association is to unite all elements interested in developing and advancing the cotton industry of the South and that means practical measures and effective co-operation that will benefit the growers and manufacturers as well, and naturally includes the merchants and the bankers whose interests are so vitally wrapped up in the South's most valuable industry. North Carolina growers especially saw that it was a good thing and went into it and we doubt whether those of any other Cotton State than those of North Carolina have been more loyal to the plans set on foot by the Cotton Association to attain its objects. Last year our growers fell into line with the organized movement for the betterment of the cotton industry and although the Southern Cotton Association is only about a year old, we find that the cotton growing region of the State holding its cotton, for the association price, building cotton warehouses to enable the farmers to keep from rushing their cotton to market, and generally standing up to the plans of the most formidable and best organized movement ever undertaken in the South.

The Southern Cotton Association at its meeting in Asheville last week fixed 11 cents as the minimum which the grower should take for his cotton, and the news comes from the cotton growing country that the county associations and the farmers are going to act on the 11 cents recommendation. It demonstrates two things—that our people realize the "strength in union," best secured by organization, and that our growers are sufficiently well off and independent enough to keep their cotton under the gin house, in the shed or in a warehouse where it will be insured.

The meeting of the Southern Cotton Association at Asheville has been full of significance. The proceedings were watched by two if not more continents. Europe kept an eye on it, and America was particularly interested. The action of the association figured daily in the doings on the New York Cotton Exchange and the cotton story from New York mentioned it as a feature in the struggle between the bulls and the bears. The manufacturers all over the world watched the proceedings and now will await the results. What of them? The New York Journal of Commerce thinks this about it:

"The Asheville Convention fixed eleven cents a pound as the minimum price for this year's cotton crop. We shall now see whether those it represented have a sufficient power of monopoly over this important staple to suspend the operation of the law of supply and demand in relation to it. The convention calculated the quantity of the crop with wonderful exactness as 9,588,133 bales. This is about a million bales less than has been estimated upon the government report of acreage and condition, though the Cotton Growers' Association gives a higher estimate of condition than the Agricultural Department, while its estimates of acreage is considerably lower. How much competition this restricted supply is to meet from old crop surplus the convention does not seem to have taken into account, but it boldly assumed that the world's demand upon the total supply, whatever the latter may be, will be sufficient to sustain a price of eleven cents or more.

"This is just possible, and, if it should prove to be true, the minimum price of eleven cents may be sustained. If it is not true that price cannot be sustained, except by a monopoly hold upon the supply and so long as that hold can be maintained. The relation of demand to supply for a year to come cannot be determined now by any human judgment, nor can it be exactly adjusted to any particular price. There may be more cotton available as time passes than the Asheville Convention counted upon. There is a limited supply which does not come from this country, and eleven cents to the planter for American cotton may have the effect of restricting consumption and materially lessening the demand from abroad, where two-thirds of our market is to be found.

"If the Planters' Association and those allied with it can control the marketing of the crop, which is doubtful, they may hold the price at eleven cents or above for a while. If conditions work in their favor and the demand proves sufficient to take up the supply at that price they may keep it up, but in that case it would be there anyway. But if the supply should prove to be greater than they calculate, or the demand should prove less or less persistent, they would find the natural law of competition in the markets getting the better of them and the price would break. They 'may resolute till the cows come home,' but unless they can establish a monopoly over the supply of cotton, and control both production and consumption, they cannot fix a price that will stay fixed. If eleven cents is a proper minimum it would become so whether they resolved that it should or not. If it is not, they cannot keep it there by resolution or decree of convention."

No one doubts the benefit of organization among the cotton growers. The association's plans were a benefit to the growers last year. Though the cotton crop for the 1903-'04 was small, it was demonstrated that in spite of the law of supply and demand, a few statistictions at Washington played havoc with the price until it was absolutely demonstrated what the supply would be. We have also seen what effect the Southern Cotton Association has had. The law of supply and demand is exactly what it is going to keep its eye on. It will encourage the demand and keep the supply from being so great as to ruin the country that grows the cotton. If the Cotton Association can secure some sort of an equilibrium between demand and supply there will not be such wide and violent fluctuations in the price. In doing that they will benefit the manufacturers as well as the growers. The zig-zag prices of the past few years came very nearly ruining the planters on the one hand, when the price was too low, and came very nearly paralyzing the manufacturers when the price went unreasonably high. Fair prices in a market that does not violently fluctuate is what the Southern Cotton Association aims at, and we believe its aims can be secured by thorough organization and effective plans.

CURRENT COMMENT.

—A news dispatch is headed "The Czar Thanks His Army." It seemed to us that Mr. Roosevelt and M. Witte got him out of the hole.—Greensboro Telegram.

—Mark Twain says that peace at this time indefinitely postpones the dawn of liberty in Russia. People who think this a joke will not have to wait long to find their mistake.—St. Louis Globe-Democrat.

—The refrigerator car people deny the jurisdiction of the Inter-State Commerce Commission. It is hoped that the contention will not stand in the way of the Southern berry growers getting a square deal.—Raleigh Post.

—The last Legislature passed a law making the office of Alderman of Wilmington a salaried one. The salary is $100—not much, to be sure—but it gives Wilmington the distinction of being the only town in the State with paid aldermen.—Charlotte Chronicle.

—Quarters for 30,000 canal diggers, though only 10,000 were employed, and supplies enough to equip the New York Central's forty miles of road to Buffalo for a forty-mile road on the Isthmus, are among the rumors from Panama that may explain the reason why Chief Engineer Wallace, who was so roundly abused by Secretary of War Taft for resigning, and made no answer, did resign. The whole business appears to have been barrelled up just now, but leaks may be looked for soon.—Brooklyn Citizen.

—Kleybolte & Co., representing a syndicate, have just completed the purchase of two railroads in Virginia and North Carolina, which will form important links in their big timber railroad, the Virginia and Carolina Coast Railroad Company. The railroads purchased were the Suffolk & Carolina, about 75 miles long, extending from Suffolk, Va., to Edenton, N. C., and the Pamlico, Oriental and Western, now in course of construction. A line about 132 miles in length will be built to connect the two roads. This system of railroads when completed will extend from Norfolk, Va., to Beaufort, N. C., through one of the most valuable timber regions of the South. The syndicate has recently acquired $500,000 acres of land and its timber holdings are said to be the largest in Virginia and Carolina. A railroad known as the Norfolk and Southern, the ownership of which is a puzzle to the street, covers the same territory, and there has been considerable guessing regarding the relations of the two roads.—New York Sun.

THE COTTON MARKET.

New York, Sept. 11.—The cotton market was generally weak and unsettled with prices touching the lowest point reached since the September Bureau report on all positions later than October. The close was at just about the lowest of the session, or a net decline of 10 to 22 points. Sales were estimated at 250,000 bales. The opening was weak at a decline of 7 to 13 points, in response to lower cables than due on the American showing of Saturday. There was covering at the intitial decline, but good weather in the South, tremendous receipts, and reports of free spot offerings, promoted liquidation and fresh selling for short account, which was also encouraged by the absence to support from the October bull clique. After declining to a net loss of 17 to 19 points, the market rallied 5 to 6 points on covering, but showed little improvement in tone and weakened again in the afternoon with trading toward the 5.97d.; good middling, 5.73d.; middling, and prices reaching a new low level for the day. The closing tone was barely steady. Southern spot markets unchanged to 1-8c. lower with only small sales reported. Private reports concerning the spot situation were somewhat conflicting, but on the whole indicated liberal offerings and part of the selling here was said to be against actual supplies.

Receipts at the ports to-day were 35,212 bales against 22,216 last week, and 27,920 last year. For the week, estimated, 200,000 bales against 167,-908 last week and 186,705 last year.

Spot closed quiet, 10 points lower; middling uplands, 10.75; middling gulf, 11.00; sales, 616 bales.

Futures opened weak. October, 10.45; November, 10.44 bid; December, 10.51; January, 10.53; March, 10.60 May, 10.63.

Futures closed barely steady. September, 10.19; October, 10.33; November, 10.43; December, 10.40; January, 10.44; February, 10.48; March, 10.51; April, 10.53; May, 10.56.

THE NEWS FROM DUNN.

Address by Dr. Dixon—Wedding and Schools.

(Special Star Correspondence.)

Dunn, N. C., September 9.—Dr. B. F. Dixon, State auditor, delivered an educational address here last night at the Opera House. Tuesday the town votes for schools or no schools, or taxes or on taxes.

On September 20th at 8:30 in Clinton, N. C., Mr. J. L. Hatcher, of Dunn, will be married to Miss Nellie Pearsall, of Clinton. Mr. Hatcher is bookkeeper for R. G. Taylor here, and Miss Pearsall is one of Sampson's most popular young ladies.

Dunn High School opened on the 7th, Miss Jessie Smith, principal; Prof. H. B. Epes, of Virginia, assistant and manager; Miss Flora Smith and Alice Edmundson, primary teacher, Mrs. Young and daughter, Misses Eunice and Mattie, have charge of the music and elocution. Buie's Creek Academy has the largest attendance this year of its record; 300 are now in school. Prof. Campbell, the principal, is one of the best educators in the State.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

Cures Cholera Infantum, Diarrhoea, Dysentery, and the Bowel Troubles of Children of *Any Age.* Aids Digestion, Regulates the Bowels, Strengthens the Child and MAKES *TEETHING EASY.*

Costs Only 25c at Druggists, or mail 25c to C. J. MOFFETT, M. D., St. Louis, Mo.

Mother! Hesitate no longer, but save the health and life of your child, as thousands have done, by giving these powders. TEETHINA is easily given and quickly counteracts and overcomes the effects of the summer's heat upon teething children.

THIS favorite Resort of all those seeking rest, health, pleasure, agreeable society and amusements, amid beautiful surroundings, will be found this year more attractive than ever. The Hotel is now under the management of Mr. Robert Irving, who spares no pains to secure the comforts and conveniences of his guests. The table is supplied with the

The Best the Market Affords

Servants are polite and attentive, and the conveniences include the most modern Sanitary arrangements, with hot and cold water baths, steam heat (in the winter), electric lights, &c. For the amusements; visitors will find Golf Links, Billiard Room, Bowling Alley, Lawn Tennis and Croquet; an orchestra to furnish music for Hotel and grounds in day, and at the Pavilion for the dance at night. The waters of Jackson Springs, while they stand second in the long list of Mineral Waters in the United States (having taken only the

Silver Medal at the St. Louis Exposition)

Are second to no water in AMERICA in their cures of Indigestion, Dyspepsia, Bright's Disease, and all other Kidney trouble; Female Suffering, Rheumatism, Nervous Debility and all like ailments, as a long list of testimonials will show. This water is shipped to all parts of the Country, and gives good results from its use, but is used to the best advantage at the Springs, where the delightful and romantic surroundings, the sweet breath of the pines, the purity of the air, are all furnished by nature to assist in the Curative process. SPIRITS TURPENTINE.

—King Bros. Buggy Manufacturing Company is a new enterprise for Oxford.

—Charlotte Chronicle: Charlotte has three hundred houses in course of construction. At least half of these are being built by the building and loan association for working people.

—New England capitalists have recently arrived at Louisburg with a quantity of machinery, destined for the gold mine section of the northern part of Franklin county. They are developing that section at a rapid rate and operations are being conducted on a large scale.

—Preparations for a big barbecue at Bayboro September 27th, are on foot. Crowds of people will visit there on that day. Ex-Governors Aycock and Jarvis are expected to be present and will make addresses. Governor Clenn has been invited, but it is not yet known whether he will accept.

—Raleigh News and Observer: There is no disputing the fact that the tobacco crop is very short. The price is also very low. The cotton crop is very short. The cotton farmers are resolved to help themselves. Are the tobacco farmers at the mercy of the trust? Is there no remedy?

—Shelby is to have an ice factory.

—Norman H. Johnson, attorney general of the North Carolina Retail Merchants' Association, is visiting the western part of the State on a tour of organization. Applicantions for membership have been received from fourteen towns, and these applications will receive early attention.

—Walter Whitmire, aged 20 years, of Spencer, was killed by a southbound freight train between Spencer and Concord late Saturday night. His lower limbs were severed from the body and it is believed death was instantaneous. It is supposed he was riding without the knowledge of the crew upon a freight and that, in falling, he was caught between the wheels

—At Asheville Saturday night the establishment of the Acme Wine and Liquor Company, on South Main street, was entered between midnight and daylight and robbed of more than $150 in cash. After gaining entrance to the establishment, the robber tackled the cash register and rifled it of its contents. A revolver, a handsome weapon, lying close to the register, was unmolested.

—Charlotte Chronicle: Some of the people of Old Fort do not think a great deal of the big leather tanning plant established there. All the hides that it treats come from the West. In the demand for tan bark and chestnut wood for extracts, they say that they see a great destruction of the mountain forests, while the price paid to the land-owners is insignificant. The only local benefit is the pay-roll of the hands and this is not enough to run a bank.

—At Henderson Louisa Johnson, colored, was accidentally shot and killed in the restaurant of Randolph Cox, colored. Two negro boys were playing with a self-acting pistol and one of them, Man Allen, supposing the gun to be empty, pulled the trigger. The weapon went off, sending a ball through the thin partition into a back room. It struck the woman in the temple, killing her instantly. It was evidently a case of accidental shooting, but the justice of the peace bound the negro over for the grand jury.

—Raleigh Post: The Secretary of State yesterday chartered the American Box and Veneer Company, whose principal place of business will be in this city. The company will manufacture and deal in boxes, caddies, crates, and packing and shipping cases and packages of every description, tags, signs instruments and appliances made of tin, paper, sheet metal or other material, furniture fixtures and utensils of every kind for dwellings, offices, banks, stores and other buildings. The total authorized capital stock is $100,000, of which $20,000 is subscribed. One of the specialties of the company will be the making of plub tobacco boxes equipped with the continuance patented by Mr. Alex. J. Field. The company expects to get to work just as soon as organization can be effected.

—Southern Pines has a persistent subject of conversation and the annoying feature about it is that mystery enshrouds the whole thing. At the close of the week a gang of men commenced to pull up the rails of the trolley line along Broad street. This line runs from Southern Pines to Pinehurst. It was bought not long ago by the Pages, who own and operate the Aberdeen & Asheboro Railroad; which passes through Pinehurst. The presumption was that the Pages would operate the trolley line in connection with their steam road, and talk at the time intimated that the trolley road would be converted into a steam road. The story that is presented now is that the Page interests will locate a station near the lower end of Broad street and make the road continuous from Southern Pines to the Southern at High Point, thus giving the Aberdeen & Asheboro a share in the business of the Southern Pines territory, and giving Southern Pines another direct outlet to the North. In this connection it is also said that the Aberdeen & Rockfish road will come into Southern Pines to meet the Page road, thus giving the Southern an entrance over these two roads to Fayetteville and the Cape Fear region. Those competent to speak intimate that the outcome of the sale of the Pinehurst trolley road means that Southern Pines is about to become a point on a new line, as has been outlined above.

THE REVENUE SWINDLERS.

North Carolina Federal Officials Have Skipped the State.

By Wire to The Morning Star

Charlotte, N. C., September 9.—A special from Greensboro to The Observer says that L. E. Davis, R. H. Hardin and A. C. Bryan, three Wilkes county men under indictment by the Federal Grand Jury for defrauding the government, left to-day for parts unknown. Hardin and Bryan are deputy revenue collectors, while Davis was formerly a deputy collector and is considered the leader of the Wilkes county gang charged with defrauding the government out or large amounts of money. G. W. Samuels, another revenue officer, was arrested to-day and placed under $2,500 bond.

The special term of the Federal court which has been in session for a week at Greensboro investigating charges of fraud against revenue officers, adjourned to-night. Indictments were returned against 28 men, almost all of them revenue officers. Warrants will be issued for these and arrests made at once. Judge James E. Boyd, in discharging the grand jury, complimented them on the success attained in ferreting out frauds.

DUN & CO.'S BUSINESS REVIEW.

Commercial Condition Continue to Be Unusually Satisfactory.

By Wire to the Morning Star.

New York, September 8.—R. G. Dun & Co.'s weekly Review of Trade to-morrow will say:

Commercial news continues most satisfactory, improvement being reported in almost every case except the further decline in prices of securities. Crops are being raised under most favorable conditions, and a few weeks more without severe frost will put the yield of wheat and corn beyond danger. Industrial progress is accelerated by the broadening demand for iron and steel products, textile mills and shoe factories are well occupied, while the demand for material testifies to extensive building operations. Liberal consumption has caused a further slight rise in the level of commodity prices. Dun's index number on September 1st, advancing to 100,308 from 99,846 a month previous and 97,842 a year ago, when business was much less vigorous. Some congestion of traffic is noted and railway earnings in August were 6.3 per cent., larger than in the same month of 904 Failures this week numbered 180 against 200 last year.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. CURE YOUR KIDNEYS.

Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor; why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney disease cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Wilmington testimony:

B. R. King, the well-known policeman, residing at 706 Wooster street, says: "I had terrible pain in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Roan's Kidney Pills recommended I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

WARM WIRELETS.

Both the Russian and Japanese commissions again deny the rumors that there was a secret treaty in which the Czar agreed to pay Japan $500,000,000.

Yesterday General Nelson A. Miles was registered as a voter in the city of Boston. His application was favorably acted upon by the election commissioners.

An official bulletin issued at Berlin yesterday says that 16 cholora cases and six deaths were reported from noon September 9 to noon September 10, and 15 cases and six deaths from noon September 10 to noon yesterday, making the total 170 cases and 58 deaths.

It was announced from Spain yesterday that the elections assures the government an important majority in the next Cortes. The known results are 140 Ministerialists elected, 34 Conservatives, 23 Republicans, 6 Independents and 3 Carlists. There were many election disorders, during one of which a girl was killed.

A special received yesterday at Nashville, Tenn., from New York quotes an official of the Illinois Central Railroad company as confirming the report that the Tennessee Central railroad has been leased by the Illinois Central and the Southern Railways and that the deal will be effective within three months.

Baron Komura, Japanese Chief peace commissioner, became suddenly ill in New York Saturday night and Dr. William B. Pritchard was called to him at his apartments in the Waldorf-Astoria hotel; he was suffering from intestinal trouble and has been advised to rest a few days; the Japanese party expected to start for home on Thursday.

Mr. Witte and Baron Rosen, Russian peace plenipotentiaries, spend Sunday seeing interesting points about Washington; they visited Mount Vernon and planted an ash tree, using the spakes themselves. Baron Rosen is suffering with hay fever. President Roosevelt has been notified by Mr. Witte that the United State has been placed by Russia among the most favored nations in matters of imports.

A number of Panama canal officials on leave of absence arrived in New York yesterday on the steamship Mexico. Among them were W. E. Dauchy, former acting chief engineer of the Panama canal; H. A. Gudger, of North Carolina, judge of the Panama district of Ancon. Ten passengers and seven of the crew were found to have elevated temperatures and were removed from th steamer at quarantine and were taken to Hoffman Island for observation.

The 48th annual session of the grand council of the United States Improved Order of Red Men convened at the State capitol in Nashville, Tenn., yesterday with several hundred delegates present from every State in the Union and Great Inchonee John W. Cherry, of Norfolk, in the chair. Gov. Cox welcomed the delegates in behalf of the State and Mayor Williams for the city. Response was made by Great Inchonee Cherry. The day's session was devoted principally to organization and addresses.

At Oyster Bay yesterday an important conference took place at Sagamore Hill between President Roosevelt and the members of the board of consulting engineers of the Panama canal. After luncheon the President made a brief but formal statement to the board in which he outlined definitely the policy to be followed in the canal construction. That statement was not made public it being deemed desirable that for the present it be for the information of the members of the board only.

Governor R. B. Glenn, of North Carolina, and Mr. John Charles McNeill, of the Charlotte Observer staff, left Raleigh Sunday night in a private car over the Seaboard Air Line Railroad for a two weeks' tour of the New England States. They will be joined by Governor A. B. White, of West Virginia. Their intinerary includes Concord, N. H.; St. Johnsberry, Va.; Waterville, Me., and a number of other places. The two Governors will deliver a number of addresses at New England Fall Fairs.

At Chattanooga Sunday night at least $500,000 was lost in a fire which broke out to-night in the freight yards of the Cincinnati, New Orleans and Texas Pacific Railway Company, totally destroying the freight depot with its entire contents, 42 freight cars, most of which were fully loaded, two mail cars, 2 baggage cars, and the private car of Superintendent M. W. McGuire. While the fire was in progress, efforts were made by a number of thieves to rob other cars in the vicinity and a large force of police were called out to protect the property.

THE FIGHTING IN MOROCCO.

United States Minister Reports Situation as Uncomfortable.

By Wire to The Morning Star.

Washington, Sept. 11.—The following cablegram has been received at the State Department from American Minister Gummere, dated at Tangier to-day:

"The tribes are fighting in the immediate neighborhood of Tangier—the Anghera Versus the Raisouli's tribe. The government is undecided in its position and the situation is entirely uncomfortable. A joint protest is being made by the diplomatic corps to the minister of foreign affairs. Have been informed that the mountains are unsafe and am returning to Tangier immediately."

It appears Mr. Gummere had leased the beautiful residence formerly occupied by Ion Perdicaris, which was the scene of his kidnapping by Raisouli, and is situated some distance in the country.

THE ITALIAN EARTHQUAKE.

King Visits Scenes and Receives Great Demonstration.

By Cable to The Morning Star.

Monteleone, Calabria, September 11.—King Victor Emmanuel arrived here to-day to visit the places stricken by the earthquake. He was received by Signor Ferraris, the minister of public works, and the population, which gave the Emperor a demonstration and grateful welcome. Signor Ferraris had previously visited the village of Zammaoon which presented a terrible spectable. All the houses have been destroyed and their inhabitants are in a condition of speechless terror.

TWELVE KILLED AND MANY INJURED

Frightful Accident on Elevated Railroad in New York City Yesterday.

CAR PLUNGED TO THE STREET

Men, Women and Children Whirled in Air and Crushed by Demolished Coach—Ghouls Robbed Dead and Dying.

By Wire to The Morning Star.

New York, September 11.—The death list of today's accident on the Ninth Avenue Elevated railroad when a car crowded with early morning workers on their way down town, pitched headlong into the street, stands at 12. Three men are in hospitals with fractured skulls. One of these, who as yet remains unidentified at Roosevelt Hospital, is unconscious and not expected to live. More than two score of persons were injured, many of them seriously.

The cause of the accident and the immediate responsibility remain to be settled. The motorman of the wrecked train is a fugitive, while a switchman, conductor and four guards are under arrest. The switchman is charged with manslaughter and the train men are held as witnesses.

Tonight Coroner Scholor, who has undertaken the work of fixing the blame for the wreck, announced that the switchman's bond had been placed at $5,000 and those of the witnesses at $100 each.

Whatever may have caused the mistake, the accident, the worst in the history of the overhead railroads in New York, came when a southband train on the Ninth avenue line was switched off to the Sixth avenue line at the Fifty-Third street junction. The motorman, expecting a clear track on the direct line of Ninth avenue or disregarding the warning signal that the switch was open, rushed his train along at a high rate of speed. The first car swung around the right angle curve, holding to the rails because of the weight of the train behind. Then the strain became too great. The couplings broke, the second car was whirled about almost end forward and to the horror of those who looked on from below, pitched into the street.

The first indication people on the sidewalk had of the accident was a loud rumbling along the overhead structure. Looking up they saw a shower of sparks, then followed splinters and the sound of splitting timbers. Suddenly the afterguard rail of the railroad structure gave way, a score of bodies were hurled through space, and with a deafening crash the car fell to the street. For an instant it stood fairly on end, then the sides gave way as if they were made of paste-board belching out a mass of humanity. Those passengers who had not jumped from platforms and windows before the plunge came, were thrown into a mass at the forward end of the car. All the injured men and women were struggling to free themselves, the heavy front trucks of the third car on the train fell almost in their midst as the car itself jumped partly off the elevated structure and was wedged against a building at the southeast corner of Ninth avenue and Fifty-Third street.

Huge crowds were soon on the scene and the first work of the hastily summoned police reserves was directed to clearing away for the effective rescue of the passengers pinned down by the wreckage. Almost every ambulance in Manhattan was summoned and the injured and dead were hurried away with all speed.

Three alarms of fire brought many engines to the scene. A slight fire caused by burning insulation was quickly extinguished and the firemen set to work chopping out the dead and injured.

The task was not an easy one for the heavy car in falling had almost completely buried pedestrians in its wreckage. At least one was killed outright in this way, while Policeman Henry Aitkens, who was standing directly under the elevated structure is among those most seriously injured.

Eight persons were dead when taken out of the wreck and four died later at hospitals.

Before the great crowds collected by the news of the wreck could be carried away, the police were compelled to use their heavy night sticks on a number of men who were attempting to snatch jewelry or other valuables from the victims. The officers had not time to make arrests, contenting themselves with clubbing the miscreants as heavily as they could.

Coroner Scholor ordered the arrest of all those immediately concerned. Search was at once made for the motorman, Paul Kelley, who secured a position on the elevated line six months ago. He came here from St. Louis. Kelley could not be found and at a late hour tonight was still missing, although it was said he had spent the afternoon at the house of a friend.

The switchman in the tower at Ninth avenue and Fifty-Third street, Cornelius A. Jackson, was first arrested. Then Conductor J. W. Johnson and Guards Timothy Higginson, J. McDavitt, W. L. Berry and B. Clark were taken into custody. At a preliminary hearing this afternoon all the men waived examination.

Two versions of the cause of the wreck were told to the coroner. One of these was that the switchman had set the tracks for Sixth avenue and when he saw his mistake had attempted to rectify it while the train was on the curve, the change throwing the second, third and fourth cars off the track.

The switchman, however, declares the wrecked train had Sixth avenue signals set and he expected it to slow down to take the curve. Instead it maintained the speed usual with Ninth avenue trains on the direct line.

The curve at Fifty-Third street is a sharp one and is practically unbanked, according to statements made today. It is intended to be taken slowly and is not constructed for a higher rate of speed than six miles an hour.

Conductor Johnson this afternoon made a detailed statement to Police Inspector Flood. He said:

"I was on the first platform of the second car. We had just left Fifty-Third street and were going at a fair rate of speed as it is a long run to Fiftieth street. The car was pretty well crowded. There were a number of men on the platform and in the aisle of the second car. There were a number of shop-girls, who were laughing and joking.

"When we reached the curve the first car went on, and the second and third cars went together like a jackknife, sticking right up in the air and practically closing against each other. In consequence from where I was on the front platform of the second car at the start I was dropped to the rear platform of the first car. Then the secod car dropped to the street. I held onto the iron rail like death and was struggling up in the air. I saw girls and women climbing over the seats of the car that they might escape.

"Being an old railroader, I pulled out my watch and looked at it. It was exactly 7:06 A. M. The signals were set wrong. That was the trouble. They were set green and yellow, which is for a Sixth avenue train."

Bail was accepted for all of the railroad men under arrest late tonight.

A man who went suddenly raving mad in a subway train a few hours after the wreck was identified as Leopold Neugus, father of a young man killed in the wreck. The father was reading a paper, and supposedly had before him one of the early stories about the wreck, for he suddenly jumped from his seat shouting that his boy was killed. He tried to climb out of a car window. When pulled back into the train by guards he had to be forcibly restrained from beating his head against the steel walls of the car. At a hospital he was pronounced insane. Friends who were on the same train identified him and said that his mind had been sound only a few minutes previously.

By Wire to the Morning Star.

Charlotte, N. C., September 11.—A special to The Observer from Wilkesboro says that Deputy Collector Walker and Davis, two of the revenue officers indicted by the Feneral Court at Greensboro for defrauding the government, were arrested to-day and placed under bonds. R. H. Hardin, against whom there are 49 indictments and A. C. Bryan, who disappeared from Greensboro when warrants were issued for them, have not yet been located.

The special term of the Federal Court held at Greensboro to investigate charges of fraud on the part of revenue officers and distillers, on Saturday returned twentyeight indictments against the following: R. H. Hardin, Starkey Hare, A. S. Patterson, G. W. Samuels, A. C. Bryan, J. W. Hasty, Z. C. Davis, W. S. Swithey, W. W. Ferguson, Charles and Mack Brawley, Frank and George Goforth, John Goforth, Cal Eller, F. A. Smith, Garfield Foster, A. M. Foster, T. V. Bell, Mart Myers, J. H. Smith, J. M. Combs, L. E. Davis, G. H. Walker, James Eller, James Ellis, Morphis and Jesse Grady, Will Scott and Walter Pritchett.

The charges include bribery, forgery, perjury, false reports of captured stills and false expense vouchers. Several of the collectors indicted are prominent in Republican political circles. Against Collector R. H. Hardin, there are 49 counts, embracing violation of nearly all the revenue regulations.

KINSTON EXCURSION WRECK.

Findings of Inquest Juries Concerning Bruce's Station Accident.

By Wire to The Morning Star

Norfolk, Va., Sept. 11.—Juries of inquest from Norfolk city and Norfolk county in the matter of the wreck of the Kinston-Greenville excursion on the Atlantic Coast Line railway which went through an open draw over the western branch of the Elizabeth river near Bruce's station, August 17, when 17 persons lost their lives and 50 or more were injured, both returned verdicts today, holding the railroad company responsible.

The Norfolk city jury returned this verdict:

"We, the jury from the city of Norfolk, find that the Atlantic Coast Line railroad was negligent in placing Engineer Reig in charge of the train on a division on which he was not fully acquainted."

The verdict of the county jury was as follows:

"We, the jury, find that the said parties came to death in a wreck on the Atlantic Coast Line railway near Bruce's station on August 17, at an open drawbridge; and further that the said Atlantic Coast Line railway was negligent in entrusting train to one engineer, R. G. Reig, who was not familiar with this division of the road."

RUSSIA'S WOES ARE INCREASING

News From All Over Caucasus Shows That Disturbances Are Increasing

THE TARTARS ARE INSATIATE

They Defy Authorities and Fight to the Death—Soldiers Kill Seventeen Russian Workmen—Another Strike in Warsaw.

By Cable to The Morning Star.

St. Petersburg, Sept. 11.—Dispatches from Baku today indicate that increased quiet and better conditions are prevailing there. No further fires have occurred and the troops which have arrived there are now holding the oil fields under control. The news from other parts of the Caucasus, however, is very disquieting. Disturbances are spreading all over the region, more or less seriously.

Desperate Tartars.

Tiflis, Sept. 11.—Prince Tsitsianoff, a landed proprietor was assassinated today at Gori (50 miles from Tiflis).

The following incident showing the desperate spirit displayed by the Tartars is reported from Baku:

A band of Tartars barricaded themselves in the house of a rich Mussulman and fired from the windows on a patrol officer who called upon them to surrender. The Tartars replied with another volley and continued firing while artillery was brought up. The artillery laid the house in ruins, the Tartars perishing to a man.

Another Strike in Warsaw.

Warsaw, Russian Poland, Sept. 11.—In consequence of the execution on Friday of Ivan Kaspshall, a socialist leader who was condemned by a court martial for inciting political murders, all the factories in Warsaw struck today.

A large number of arrests were made in a theatre at Lodz last night. An individual from the gallery flooded the house with revolutionary documents whereupon the police surrounded the theatre and arrested about 200 of the occupants.

Situation Growing Worse.

St. Petersburg, Sept. 12.—3:45 A. M.—The latest private telegram to be received from Baku reports that the situation there is growing worse. Other confirmed dispatches assert that the rioters are stubbornly continuing their attacks and that the Tartars and Kurds are plundering in the "Black town district. The dispatches say that on Sunday the soldiers fired into a crowd of Russian workmen, killing 17.

A dispatch to the Caucasus Oil Company from Baku says that the fires in the oil fields are practically exhausted and that the military authorities are stationing guards in the district.

During the night, the dispatch states, incendiaries tried to land at Bibiebat from small boats but were driven off by volleys from the Cossacks. They then attacked steamers in which the employes of two oil companies had taken refuge during the uprising but the attack was repulsed.

Revolution in Finland.

St. Petersburg, Sept. 13.—3:45 A. M.—The news from Finland of an accidental discovery of the importation of rifles and munitions in large quantities is the most serious disclosure regarding the revolutionary movement in Russia that has yet been made, as it indicates an intention to form a regular military organization.

It is considered here that the active faction of the young Fenoman party of Finland is probably involved in the conspiracy and it is recalled that the investigation into the assassination of General Bokrikoff, governor general of Finland, in June of last year disclosed the existence of a society formed for the purpose of importing arms.

CLOSING SCENES OF WAR.

Truce in Manchuria—Battle Sept. 9th In Korea.

By Cable to The Morning Star.

Godzyadani, Manchuria, September 10.—It is announced that Generals Ovanovski and Fukushima, representing respectively General Linevitch and Field Marshal Oyama, will meet September 13th to establish a line of demonstration between the two armies. Each general will have a small escort. The Chinese report that the Japanese army at Chentufu will retire to Mukden in ten days.

At 1 o'clock Saturday afternoon a Japanese commissioner, bearing a white flag and escorted by fifty soldiers, arrived at a post near the railway and handed to the Russian officers who went to meet him a letter from Field Marshal Oyama to General Linevitch congratulating him on the conclusion of peace and begging him to appoint Russian plenipotentiaries to arrange an armistice. Field Marshal Oyama appointed General Tukushima as plenipotenitary for his side, the letter announced, and he suggested Chakhedza as the meeting place.

Tokio, September 11.—4 P. M.—On September 9 the Japanese in North Korea dispatched the bearer of a flag of truce to the Russian camp but the Russian refused to treat owing to the non-arrival of the notice that an armistice was to be arranged. Skirmishing occurred in Manchuria, September 9. Two companies of infantry with two guns opened fire but were out flanked by the Japanese and fled in disorder, leaving 40 corpses.

Gunshu Pass, Manchuria, Sept. 11.—General Linevitch's answer to Field Marshal Oyama's letter requesting the arrangement of an armistice was dispatched today by special messenger. In his answer, the Russian commander-in-chief accepts the proposals of the Japanese commander-in-chief, which not only refer at considerable length to the question of an armistice but also to neutral zones both on land and sea.

General Fukushima and General Ovanovsky, the respective plenipotentiaries, will meet next Wednesday at Chakheedza, on the railroad, as proposed by Field Marshal Oyama. The place is midway between the Japanese and Russian lines, separated by a rifle range. At the meeting all the questions at issue will be determined except that referring to the delimination of the neutral zones, which will be left for the consideration of special delegates.

A special from Gate City, Va., says; "At Dungannon, Scott county, Sunday evening, Albert Nash was shot and killed by Benjamin Osborne. Nash went to Osborne's home and raised a difficulty with young Taylor, a nephew of Osborne, finally striking him with his pistol and shooting him in the shoulder."

FEVER SITUATION AT INFECTED POINTS

Nine New Cases at Pensacola Yesterday—No Deaths in New Orleans.

By Wire to The Morning Star.

New Orleans, September 11.—The following is the official report of the yellow fever situation in New Orleans up to 6 P. M., to-day:

New cases to-day, 38; total cases to date, 2,327.

Deaths, none; total deaths to date, 316.

New foci, 18.

Cases under treatment, 300.

Discharged patients, 1,711.

The report of no deaths to-day, the first time since the announcement of the presence of the fever here on July 23rd, contrasted with the record of 1876 as quite a concidence because September 11, 1,378 was the record day for deaths during that epidemic, ninety being record. Algiers reports seven of the new cases to-day. Of the new foci only two are above Canal street. Four are in Algiers.

Dr. White to-night gave out the component parts of the new clucide which will be used hereafter in fumigation, the discovery of whoch was announced Saturday. It is composed of equal parts of crystal carbolic acid and gum camphor and three ounces will be sufficient to thoroughly fumigate 1,000 cubic feet of spaceHe advises against its use by citizens generally, on account of danger in handling it, and is having his forces thorough educated in its use before they will be entrusted with it.

The most interesting feature of the country news was the report from the health officer at St, John parish of the existence of about 25 cases at Lions, a lumber town in that parish, and his statement that the patients were being properly cared for that they had been concealing the illness. He has taken charge of things there, and to-day reported three new cases. Health officers of Plaquemines, report a new case at St. Clair plantation, six miles above Woodlawn, where a nest was discovered last week.

The situation here is regarded as most excellent and it is universally believed that while the fever will not have been wiped out on the first of October, it will be in a declining state at that time.

Lack of faith on the part of some of the authorities in the mosquito as the only transmitter of yellow fever is one of the causes of the row which has resulted in Dr. Tichenor's withdrawal from Tallulah whither he had been sent by the State Board of Health to take charge of the situation. Until Dr. Tichenor got on the ground at Tallulah no one had any idea of the extent of the disease there. Dr. Tichenor at the end of his investigation telegraphed that the whole town was infected, that the situation was exceedingly serious and that help was needed. The new cases and deaths since have borne out his first telegrams. Dr. Tichenor immediately proceeded to apply the mosquito theory rigidly, but found that some of those in authority did not altogether believe in it, with the result that friction resulted and he asked to be relieved.

Nine New Cases at Pensacola.

Pensacola, Fla., September 11.—Nine new cases and one death is the fellow fever record at Pensacola today, concluding at 6 o'clock when the various physicians working conjunction with the State Board of Health made their reports. Suspicious or doubtful cases number about 12. The one death was that of A. Wolfberg, vice consul of Norway, who died today after a brief illness. He was taken ill five days since, and did not call in a physician, the case being located by inspectors. A post mortem investigation revealed the fact that he had died of yellow fever of the most malignant type.

Citizens have been called upon to assist the physicians, and appoint a relief committee.

Marine Hospital Orders in Atlanta.

Atlanta, September 11.—Acting under instruction from the Surgeon General of the United States Public Health and Marine Hospital Service, Dr. C. P. Wertenbaker, the local representative of the Marine Hospital Service, has written a letter to Georgia Board of Health, in which he states that under the inter-state quarantine regulations, persons from infected territory will not be allowed to stop in Richmond, Norfolk, Portsmouth or Newport News, Va., or any other point within infectible territory until they have been absent from infected territory for six days.

Cases in Mississippi.

Jackson, Miss., September 11.—The Mississippi yellow fever summary for the 24 hours ending at 8 o'clock P. M., is as follows: Gulfport, 3 new cases. Mississippi City, 2 cases. No new cases reported at Vicksburg, Natchez, Pearlington, Hansboro, Starkey county. No deaths occurred in the State.

ONE SURVIVOR OF SEVENTEEN.

Fate of Americans on Cape to Cairo Railroad.

By Wire to The Morning Star.

Chicago, Sept. 11.—A dispatch to the Tribune from Mobile, Ala., says:

William Hilburn, a former resident of this city, arrived here yesterday after three adventures years spent in the wilds of Africa with 16 others, in response to glowing offers by agents of a construction company building the Cape of Cairo railroad. Hilburn is the only one of the 17 to return alive. Hilburn and his 16 companions accepted terms to work on the railroad as engineers and trestle builders. They left Pensacola, Fla., on August 22, 1902, under a promise of big wages and other flattering inducements. The party embarked for the Zambezi river district north of the Transvaal, where the Cape to Cairo railroad was under construction. In due time they arrived. At this time Hilburn states their hardships began. What was expected to be a scene of activity and wealth turned out to be a desolate railroad camp in the jungles.

LAWLESSNESS IN SAMPSON.

Section in County Terrorized by Band of Desperadoes.

Yesterday afternoon's Fayetteville Observer contains the following of interest in this section:

"Mr. D. W. Royal, a prominent farmer of Sampson county, was in town to-day, and told an Observer reporter that there was great excitement in that section of Sampson county running from Clinton down towards Wilmington, including widow Moore's creek and Six Runs. Since last Thursday a band of regular desperadoes have been infesting that territory, robbing and pillaging every house in their path. He says that one of their feats was the holding up and robbing of a train. Thursday and Friday were the days on which most of the crimes were committed. A posse of farmers, after an exciting chase, captured four of the negroes, and they are now in jail.

In the same neighborhood on Friday, a negro man was found in the charred ruins of his house murdered, his head having been cut off with an ax as well as the leg and arm on the left side of his body. Several miles distant from the scene of this horrible crime, on Saturday, an old gentleman named Peterson was walking over his farm, when his dog uncovered a strange negro in hiding in a gallberry thicket. The negro, seeing he was discovered, rose up and shouted not to shoot; but this was unnecessary, as Mr. Peterson had nothing to shoot with, and he went back and notified the neighbors, but when he returned with them the man had departed. It is thought that he was the person who committed the murder. Whether he is a member of the gang of outlaws above mentioned, is not known. Mr. Royal says that all that section of Sampson is stirred up as never before.

A prominent farmer, living some ten miles below Clinton, received an anonymous letter Saturday, stating that the writer would not be satisfied until he had killed him and his wife, and a certain negro preacher in that neighborhood.
